### ENOLA HOLMES

Have you heard of Sherlock Holmes? I bet you have. What about Enola Holmes? Well, some of you know the name and some of you 1. \_\_\_\_\_ heard it before. In this case, you should know that Netflix has just added a new Sherlock film to 2. \_\_\_\_\_ teen collection, this time about Sherlock's sister Enola.

Enola Holmes, played by Millie Bobby Brown 3. \_\_\_\_\_ *Stranger Things*, has been raised by her mother alone in their country mansion to be a strong free thinker. The two are 4. \_\_\_\_\_ close until Mrs Holmes suddenly disappears on Enola's 16<sup>th</sup> birthday. Enola's brothers, namely a renowned detective Sherlock (Henry Cavill) and a serious 5. \_\_\_\_\_ Mycroft (Sam Claflin), are called from London to take care of her and help find their mother. The men haven't seen Enola 6. \_\_\_\_\_ a few years and, therefore, are shocked to find their sister grown up. Besides, the brothers see their sister as totally careless and carefree. Mycroft plans to send her to 7. \_\_\_\_\_ school while Sherlock searches for their mother, who seems to be involved in a potentially violent women's movement. But Enola has other plans for herself and escapes them 8. \_\_\_\_\_. Through a series of disguises and adventures, she reaches London to eventually find her mother. She does it on her 9. \_\_\_\_\_. On her way to the capital she bumps into the young marquess Lord Tewksbury, who is on the run from both his family and a murderous mystery man.

If you are fond of stories of adventure or if you have previously read any book about Enola from the series of an American writer Nancy Springer, you may watch the Netflix production 10. \_\_\_\_\_ to compare the book with the film. Which is better? Do you think Netflix should continue adapting another part of *The Enola Holmes Mysteries* about the teenage detective?
